

The GM-200P has been specifically designed for use with projectors and video conferencing systems. It offers ample storage with a 10RU front and rear interior rack unit and adjustable interior shelf. The GM-200P comes standard with PSM-200 M-Audio® speaker module. AVTEQ's APA adjustable height camera platform elevates the video conferencing camera to the desired height. The GM-200P is a feature-rich, user friendly durable cart with solid steel construction.
