DynamiQ™ Executive Wall Stand

Motorized height-adjustable stand

The DynamiQ Executive Wall Stand provides sleek style and height-adjustable functionality designed specfically for large flat panel displays. This ADA compliant, wall-mounted stand is a perfect solution for collaborative spaces in corporate offices and educational environments.

The motorized mount, powered by an electric lift, allows you to raise and lower a single display up to 75" or 254 lbs. The control panel, located on the side of the stand, provides easy access to lower and raise the display with up to 20" of vertical movement.

The front panels come in three standard finishes or customized from a large selection of laminate or veneer finishes. The tempered, tinted glass door provides access to 3RU of vertical rack space and cable management.
