

# TMP-300 Telemedicine Cart

The compact TMP-300 telemedicine cart offers a perfect blend of functionality and design for caregivers in hospitals or small clinics. The TMP-300 has a small footprint and smooth gliding casters that easily travel across carpet or hard surface floors.

This highly customizable cart supports a single display and accommodates a variety of technology to provide the ultimate telemedicine solution. The TMP-300 provides an adjustable videoconferencing camera shelf, a pull-out drawer, and a large locking storage area. The TMP-300 telemedicine cart integrates a wide range of technology to bring physicians and patients together for maximum care. For Cisco solutions, The TMP-300 is perfect for the Cisco Desk Pro for any telehealth solution.

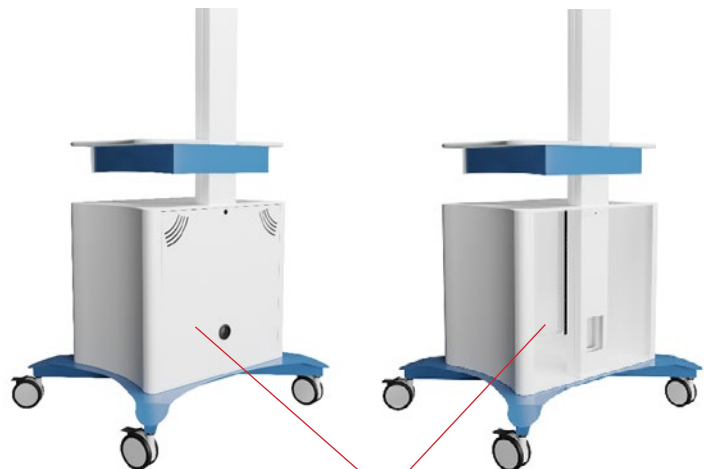

AVTEQ's telemedicine carts are easily cleaned using most commonly used hospital-grade, diluted, non-abrasive, and non-corrosive solutions including ammonia enzyme cleaners, hydrogen peroxide, bleach or alcohol solutions.
