

# Neat Frame Wall Mount

The Avteq in-wall mount for the Neat Frame adds security and accessibility to your video conferencing experience.

Wall mounting the Neat Frame prevents possible damage and loss of the unit and provides easy access to the device for maximum usability. The mount is designed for post or pre-construction. The mount comes standard in a black powder finish.

## FEATURES

- Supports the Neat Frame device
- Includes hardware to secure Neat Frame to the wall mount
- Black powder finish
- TAA-Compliant
